Education background breakdown

Highlighting Employees' Development

Helping employees grow is the Group’ s responsibility. We strive to create a diversified training system to improve employees’ capabilities, and actively facilitate their career development, providing employees with broad development space and a platform for realizing their dreams.

Genertec puts moral education first and emphasizes ability training. The Group insists on targeted training covering all staff, continues to advance reform and seek innovation, and tightens control over training while advancing it in a steady manner. The Group also comprehensively pushes forward theoreti ☒h

Invested RMB **9.55** million in training

Organized **45** training sessions and lectures

Total training time **18,300** people/day

The Group’ s training programs

Putting Employees First to Help Realize Their Career Dreams

Caring for Employees

It is Genertec’ s goal to offer employees a happy and better career life. We help employees achieve work-life balance, give every employee full respect and care, and continue to improve their sense of happiness and belonging.

Work-life balance

We organize diversified cultural and sports activities year after year, not only to provide employees a platform to show their talents, but also to help them relieve work pressure, so that they can better enjoy their work and life.

The first international youth talent contest of Genertec

Shenyang Machine Tool (Group) hosts activities to celebrate the 70th anniversary of the founding of the People’ s Republic of China

Caring for employees with special needs

The Group timely reaches out to meet the needs of employees at workplace and daily life, and strives to enhance their sense of happiness. Considerate support and particular attention are given to special groups such as needy employees, female employees, and retired employees. In 2019, the Group organized nearly 900 retirees to take physical examinations and spring and autumn outings, visited more than 600 of them, and distributed RMB 318,000 to over 60 employees，visited 763 employees, and handed out condolence money and gifts worth RMB 1.93 million.

GENTRANS organizes employees to visit the World Horticultural Expo in Beijing

China National Cooperation for Overseas Economic Cooperation(CCOEC)’ s flower arrangement activity on the International Women’ s Day

China XinXing Group’ s theme activity on the International Women’ s Day

Guided by the corporate values of “innovation, entrepreneurship, harmony and win-win results,” Genertec works hard to fulfill its community responsibilities, and leverages its industrial strengths to help boost the economic development of project areas. At the same time, the Group actively participates in and organizes charity activities, to improve medical care and education in remote areas, promote the sustainable development of communities, and contribute to social harmony.

Donation:
RMB **1.27** million,
including RMB
59,000
donated overseas

Facilitating Community Development

The Group actively responds to the call of the CPC Central Committee and the State Council, and earnestly fulfills its social responsibilities as a central SOE. It engages in strategic cooperation with local governments and other enterprises to promote regional economic growth. While expanding international business, the Group gives full play to its own advantages to help the development of overseas communities.

Dormitories for shift workers of the China Southern Airlines base at Beijing Daxing International Airport constructed by China XinXing Construction & Development

CMC employees as volunteer teachers in Bangladesh

Police vehicles donated by CCOEC to Ghana

Contributing to Public Welfare

Genertec actively fulfills its social responsibilities as a central SOE, continuously improves the volunteer service system, and encourages employees to participate in community services, education aid, disaster relief, and blood donation, to give back to the society.

In 2019, Genertec's Youth Volunteer Service Team, under the theme of "One Heart, One Dream", carried out various volunteer activities to promote core socialist values.
